

## KEYNOTE SPEAKER

### John Iander

John Iander is a reporter for KOVR-13's "Special Assignment," a weekly series of investigative reports. He began his broadcast career in 1963 at KHJ radio in Los Angeles and continued to work in both radio and television until he moved to Sacramento in 1969 with KXTV-10. He joined KOVR-13 in 1973 and became the Capitol Correspondent for McClatchy Broadcasting in 1975. Iander owned and operated his own production company, Earthwatch, which produced syndicated environmental reports from 1982 through 1986.

## WHAT IS TOPPS?

Targeted Opportunities to Prevent Pollution in San Joaquin County (TOPPS) coordinates this information-packed day. TOPPS is a one-of-a-kind organization in the State of California. Representatives from business, government, and civic organizations form TOPPS, whose mission is to inform, educate, and support San Joaquin County business, industry, and agriculture in their efforts to better the environment and improve financial performance by minimizing pollution to our air, water, and land. TOPPS' activities include the following:

- Sponsor of annual Solutions for Compliance--A Pollution Prevention Workshop (since 1994)
- Facilitator of annual Awards of Environmental Excellence in San Joaquin County (since 1994)
- Instituted Good Business Partner Program (since 1999)
- Implemented Proposition 204 Stormwater Control Grant program directed to automotive and restaurant/food-handling businesses
- Participate in special events, such as Stockton Ag Expo, Earth Day, Stormwater Workshops

TOPPS is proud to be the recipient of an Honorable Mention for a 2001 Regional Excellence Award presented by the San Joaquin Council of Governments.
